MEJI A G

Entry-Level Data Analyst

Thrissur, Kerala | +91 77366 68497 | mejigeorge2002@gmail.com | LinkedIn

PROFESSIONAL SUMMARY

Computer Science postgraduate (M.Sc., CGPA 8.0; BCA, CGPA 7.2) with working knowledge of SQL, Python, and Microsoft Excel. Teaches DBMS, Python, and Fundamentals of Data Science, and checks application data for errors and inconsistent records. Seeking an entry-level analyst role focused on data collection, validation, reporting, and accurate documentation.

TECHNICAL SKILLS

Programming: Python (data types, functions, loops, file handling), JavaScript

Database: SQL (SELECT, WHERE, JOIN, GROUP BY, aggregate functions, subqueries), PostgreSQL, Firebase

Data Analysis: Microsoft Excel (formulas, sorting, filtering, data validation, basic reporting), data cleaning, error checking

Tools: Microsoft Word, Excel, PowerPoint, VS Code, Git, Postman

Core Concepts: DBMS (tables, keys, relationships), data structures, OOP, problem-solving, troubleshooting

PROFESSIONAL SKILLS

Analytical thinking and attention to detail · Written and verbal communication · Documentation and report preparation · Teamwork and collaboration · Time management and meeting deadlines · Adaptability

EXPERIENCE

Assistant Professor, Computer Science Jan 2026 – Present

ECR Institute of Management Studies, Udupi, Karnataka · Affiliated to Mangalore University

- Teach DBMS, Python Programming, Data Structures, and Fundamentals of Data Science to BCA students, covering tables, keys, relationships, queries, and how to read results.
- Review lab submissions and student datasets for errors, missing values, and inconsistent output before grading.
- Maintain attendance, assessment, and progress records; prepare lesson notes, assignments, and internal reports to university timelines.
- Class Advisor: respond to student and departmental requests, keep confidential academic records accurate, and follow institute procedures.
- Students scored up to 98/100 in Fundamentals of Data Science; class results improved versus previous batches in subjects handled.

PROJECTS

Book Mate — mobile app Flutter, Firebase, Google Books API

- Collected book records from an external API, validated login and category data in Firebase, and checked responses for missing or incorrect fields.

Weather App — web app React, JavaScript, REST API

- Fetched location-based weather data, compared API values with the values shown on screen, and flagged mismatches.

Movie Database — web app React, JavaScript, REST API

- Built search over movie records and verified displayed details against the source data for accuracy.

EDUCATION

M.Sc. Computer Science, University of Kerala — CGPA 8.0 2023 – 2025

BCA, University of Calicut — CGPA 7.2 2020 – 2023
