MEJI A G

Assistant Professor – Computer Science

Thrissur, Kerala | mejigeorge2002@gmail.com | +91-7736668497 | LinkedIn | Portfolio

PROFILE SUMMARY

Assistant Professor in Computer Science with an M.Sc. in Computer Science (CGPA 8.0), currently teaching BCA students of all three years under Mangalore University. I handle core subjects including Database Management Systems, Cryptography, Python Programming, Data Structures and Fundamentals of Data Science, along with several programming labs. My students scored up to 98/100 in Fundamentals of Data Science in the last semester examination, a clear improvement over previous batches. Alongside teaching, I serve as class advisor and mentor, and contribute to examination duties and student events. I am seeking to bring this student-focused teaching approach and strong programming background to a Computer Science department committed to academic excellence.

TEACHING EXPERIENCE

Assistant Professor, Department of Computer Science Jan 2026 – Present

ECR Institute of Management Studies, Udupi, Karnataka (Affiliated to Mangalore University)

- Teach theory courses to first-, second- and third-year BCA students: DBMS, Cryptography, Python Programming, Data Structures and Fundamentals of Data Science.
- Conduct several programming labs, guiding students through hands-on implementation, debugging and lab records.
- Prepare lesson plans, lecture notes, assignments and internal assessments in line with the Mangalore University syllabus.
- Serve as **Class Advisor**, tracking attendance, academic progress and student welfare, and coordinating with parents.
- Mentor students individually and give extra support to weaker learners, which lifted overall results above previous batches.
- Perform university and internal **examination duties**, including invigilation and evaluation work.
- Organise and coordinate departmental and student events.

KEY ACHIEVEMENTS

- Students scored up to **98/100 in Fundamentals of Data Science** in the last semester university examination.
- Class results improved markedly over previous years' batches in the subjects I handled.
- Handled five subjects and several labs across all three years of the BCA programme within my first year of teaching.

SUBJECTS AND LABS HANDLED

Subject	Type	Subject	Type
Database Management Systems	Theory + Lab	Data Structures	Theory + Lab
Python Programming	Theory + Lab	Fundamentals of Data Science	Theory
Cryptography	Theory		

EDUCATION

Master of Science in Computer Science 2023 – 2025
University of Kerala, CGPA: 8.0

Bachelor of Computer Applications 2020 – 2023
University of Calicut, CGPA: 7.2

TECHNICAL SKILLS

- **Programming:** Python, Dart, JavaScript
- **Core CS:** Data Structures, DBMS, Cryptography, Data Science
- **Frameworks:** Flutter, React
- **Databases:** PostgreSQL, SQL, Hive, Firebase
- **Tools:** Git, Figma, REST APIs

- **Web:** HTML, CSS

ACADEMIC PROJECTS

Book Mate – Book Recommendation App Flutter, Dart, Firebase, Google Books API

- Built recommendation features with login, category selection and book details, using Firebase authentication and the Google Books API.

Weather App – Real-time Weather Updates React, JavaScript, REST API

- Fetched and displayed location-based weather data, with validation of API responses and a consistent UI.

Movie Database Application React, JavaScript, REST API, HTML, CSS

- Built a responsive web app to browse and search movies, with dynamic search and detail pages from an external API.

PERSONAL DETAILS

- **Languages Known:** English, Malayalam
- **Nationality:** Indian

DECLARATION

I hereby declare that the information given above is true to the best of my knowledge and belief.
